A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on April 12, 2004 has been entered.

Claims 9, 11, 25-27, 29 and 39 have been canceled either previously or by the amendment filed April 12, 2004.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Keith M. Tackett on Thursday July 8, 2004.

The application has been amended as follows:

Cancel claims 1-8, 28, 30-38 and 40-41.

Claims 10, 12-24 and 42-45 are allowed.

The following is an examiner's statement of reasons for allowance:

vacuum chambers comprises at least one load-lock chamber, and at least one transfer chamber, with the at least one transfer chamber having a plurality of process chambers disposed in a radial fashion there around, and with one of the pumps being disposed beneath the transfer chamber" as is recited in claims 10 and 44.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
